

## **FirstConsult Instructions for Procedures**

<http://www.uic.edu/depts/lib/lhsu/>

This URL takes you to the UIC Library of Health Sciences-Urbana site. In the left column about half-way down is the link for FirstConsult. You will probably be directed to login with your netid and password). NOTE: UIUC students/employees need to put their complete email address including the @uiuc.edu

FirstConsult is an "Evidence-Based Primary Care Decision Support Tool providing quick concise information to Clinicians." It has many resources, including patient information handouts, differential diagnoses tools, and video on many different medical procedures.

At the top of the screen, click on the tab called Procedures. There is an alphabet index at the left of the page that you can click on to find your procedure, or use the scroll bar at the right.

Once you have chosen your procedure, at the left of the screen select "technique", and then "video/illustrations". A view media gray box should appear to the right, click on the little "view media bar".

There is a video for the following required procedures:

cryotherapy of skin lesion (wart treatment)
