Student Name: Clerkship Director:

Clerkship Name & Number: Clerkship Dates: Today’s Date:

Location of Clerkship Elective:

Grade the student on each of the listed dimensions using the scale outlined below.

O = Outstanding – Student performs at a level observed in only the most outstanding students over the years. Students who receive this designation will be recognized as those whose absolute performance is consistently outstanding and who are active, self-directed learners.

ADV = Advanced – This designation is reserved for students who are especially proficient but not consistently outstanding in knowledge, skill, and performance.

PR = Proficient – Performance may be outstanding at times and is, in general, within the range expected for medical students who are progressing satisfactorily. These students function and learn effectively in a variety of settings and meet all clerkship requirements.

INC = Incomplete – Student has not completed all required clerkship activities due to illness, leave of absence, etc. If this grade is assigned, the faculty will describe the activities which remain to be completed.

U = Unsatisfactory – This grade is reserved for those individuals who have not met all departmental requirements for successful completion of the clerkship and further are judged to be beyond remediation. This grade is most likely to be assigned to a student who has completed one or more remediation attempts unsuccessfully but might also be assigned if clerkship faculty are convinced further efforts to complete the clerkship are not in the best interest of the student or the public.
