Reception in the Foyer Immediately Following the Ceremony
MEDICAL STUDENT OATH

As I am now given the privilege of beginning the practice of medicine, I pledge that my efforts will be focused on compassionate, sensitive care of the highest quality. I will conscientiously and cooperatively work with my peers and teachers in learning the science and art of medicine.

I will regard the patients who I encounter in my training as fellow human beings, and will preserve their dignity. I will value individual differences and will not permit consideration of race, religion, nationality, sexual orientation, or social standing to influence my interaction with patients and colleagues.

I will support and uphold the highest standards of academic honesty, scientific integrity, and ethical practice so as not to compromise myself or endanger my patients. I appreciate the importance of self-evaluation, and will recognize my limitations. I will not hesitate to request assistance from my colleagues and teachers.

I recognize that the study of medicine is a life-long endeavor. I promise to perform to the best of my ability, and commit myself to continual learning. I will seek experiences that will enhance my abilities and advance the practice of medicine.

ADMINISTRATION OF THE OATH
George Panagakis, D.O.

The Gold lapel pins were furnished by the Arnold P. Gold Foundation as a reminder that humanism is an essential characteristic of the practitioner.
