Policy on Special Review
Graduate Medical Education Committee

Attachment# 1
(Program Performance Indicators)

Performance Indicator # 1 - Program Attrition
- Change in Program Director more often than once every 24 months.
- Decrease in core faculty >10% each year for two years.
- Residents withdrawing, transferring, and dismissed > 5% for two consecutive years.

Performance Indicator# 2: Program Changes
- Greater than two major participating sites have been added or removed.
- Greater than an increase or decrease in resident numbers by 20%.
- Major structural changes as identified by the GME Committee.

Performance Indicator# 3: Scholarly Activity
- GME Committee identifies inadequate scholarly activity for both faculty and learners.

Performance Indicator# 4: Board Pass Rates
- Board Pass Rate falls below 80% over a 3 year period.

Performance Indicator# 5: Clinical Experience Data (Core)
- Any significant changes in adequacy of clinical or didactic experience within the Residency.

Performance Indicator# 6: ACGME Resident Survey
- A drop of greater than four-tenth of a point in anyone of the items surveyed by ACGME including Duty Hours, Faculty, Evaluation, Educational Content, Resources, Patient Safety, and Teamwork.
Performance Indicator# 7: Faculty Survey

- Any drop of .4 from the previous year on any of the items identified from a faculty survey.

Performance Indicator# 8: ACGME or Narrative Milestones

- Non-compliance with the Milestones project as reported to ACGME.

Approved by GMEC: 11/18/2016
